

FUNDRED DOLLAR BILL PROJECT at the ATLANTA CONTEMPORARY ART CENTER

The Resource Room of the Atlanta Contemporary Art Center has been temporarily converted into a bank vault for the creation and display of locally produced FUNDRED DOLLAR BILLS.

The artworks – individually created “FUNDREDS” made by students across the country– will be collected by armored truck and delivered to Washington D.C. where an even exchange of the value of their art currency for actual funds will be requested. FUNDRED supports OPERATION PAYDIRT, an innovative art/science project to address lead-contaminated soil and help end lead poisoning in the youth of New Orleans and eventually many other cities!

The armored truck will be at the Atlanta Contemporary Art Center March 18th, 2010 to pick up our collection of over 2,600. **Help us increase our donation to Mel Chin's FUNDRED Project by creating your own unique FUNDRED DOLLAR BILL.**

FUNDRED templates and additional information are available at the Atlanta Contemporary Art Center or online at www.fundred.org

This project is perfect for school groups, girl and boy scout troops, and others interested in making a FUNDRED and making a difference.
